

**Dear racecar drivers, team owners!**

**We are marketing agency promoting the FIA CEZ Championship. There is a new web presentation [www.fia-cez.com](http://www.fia-cez.com) that will be updated after every race. There is a possibility to promote your teams and advertise on this web.**

**We will make a 30 min report from 5 races (Hungaroring, Redbull Ring, Most, Slovakiaring and Brno) using 4 on track cameras plus on-board footage. There will be interviews with drivers and team managers, after podium interviews and grid presentations. The show will be presented on internet on [www.fia-cez.com](http://www.fia-cez.com) and Czech sport TV channel Sport5. We will provide "ready to be broadcasted" package in language mutations to be aired on TV in your country to anybody who will arrange broadcasting.**

**There is a five year plan to make the FIA CEZ championship more visible and attractive for drivers, teams and of course marketing partners. Our target is to bring more teams and drivers, give them quality prizes and eventually prize money.**

**All this comes of course at considerable cost. After an agreement with organizers of the events, there will be a mandatory advertising on the front windshield of the cars /rear wing of formula or D5 cars/ running the FIA CEZ Championship. The banners will be given to you during administration procedure and will have to be placed on the cars before the qualification of any FIA CEZ race.**

**Please, visit the new [www.fia-cez.com](http://www.fia-cez.com) and let us know your comments. We will gladly paste logo of your team including link to your website free of charge on the web [fia-cez.com](http://fia-cez.com) or make a full presentation of your team (paid). Contact us at [info@fia-cez.com](mailto:info@fia-cez.com).**

**Sincerely, your [FIA-CEZ.com](http://FIA-CEZ.com) team.**
